Note re commitments and valuations:

Please note that the commitments detailed above are shown in fund currency and are shown net of cancelled commitments.

Please note that the valuations provided above:-

- are based upon information available at the date the data was collated. As a result, some valuations - particularly in respect of fund of funds - are based upon valuations relating to dates prior to the valuation point adjusted for subsequent cashflows (where appropriate). Thus the valuation may not accurately reflect the underlying assets of a fund/fund of funds at the valuation point.
- rely on the valuations provided by General Partners of the underlying private equity funds or fund of funds, which are not verified by GMPF and which may not be particularly accurate forecasts of realisable value.
